RE: SUPPLY OF UNIFORMS TO ASHTONS REMOVALS

To whom it may concern:

Jo McIntyre has looked after all of the uniform requirements for Ashtons Removals for quite some time now. This includes uniforms for our office staff, both men and women, as well as shirts and singlets for our removal team members.

In every instance where I have contacted Jo to advise her of new uniform requirements she has been very prompt and helpful with her responses and always provides a few different options for us to consider. She always offers to come into the office with samples for us to look at and is never short of a smile.

All of the different shirts that we have purchased from Absolute Apparel have been of high quality and the embroidery is some of the best we have seen. The one time we have had an issue with shirts we have ordered was with one staff member ordering the incorrect size. Jo was very prompt in checking the shirts and in advising us what we could do, and new shirts were ordered within a week.

We are extremely happy with both the service that Jo provides as our Account Manager and also with each and every product that we have received from Absolute Apparel and would not hesitate to recommend them to other companies with uniform requirements.

Kind regards,

AJ Bromley
