

To whom it may concern,

Our company is a National Franchising Company. Some time ago we had to design a corporate range of uniforms, clothing and accessories to accommodate our Franchisees throughout Australia.

As you can imagine, the vast array of people and climates that we had to cover, was a huge task.

We had investigated numerous uniform companies but found that Jo McIntyre, from Absolute Apparel, expertise and knowledge of the industry was far beyond any of her comparable competition.

We were give direction on what was necessary to collate such a large selection but at the same time Jo listened and understood our requirements.

Never has there been a time where the service provided by Absolute Apparel has been below our high expectations.

We required a professional company to support our growing business and we have found just that at Absolute Apparel.

If you have any questions regarding the above please feel free to contact me on 07 5574 4908.

Kind Regards

Sharon Jurd
National Business Co-ordinator
